

The Youth Jobs Coalition Presents

YOUTH JOBS RALLY FEB 24TH @ 12PM (Meeting at Old South Church- 645 Boylston St, Copley Sq)

-In 2010, we were faced with a 50% cut of 2700 jobs from the state's Youth Jobs Program. Then the Youth Jobs Coalition on February 18, 2010 organized a 700 person march, rally, and lobby day at the State House largely of youth, youth led, and joined by adult supporters. Because of this, another 500 person rally in April, and local meetings with state legislators, we stopped the cut and got funding restored for 2700 youth jobs.

-In 2011, we need to march and meet with state legislators again. The state has a \$1.5 billion budget deficit so legislators will be thinking about making budget cuts. We need to march and meet with them to say, "keep funding youth jobs and raise taxes on those earning more so you don't have to make budget cuts".
